Let Me Hear You

by Nightcrawler247

Summary

Will is a transman.

His father is supportive but they are just too poor to afford T. His boyfriend, Hannibal, also doesn't mind and will always see Will for the man he is. Still...

He hates the sound of his own girly moans when they do anything.

Hannibal is determined to make Will lose himself so much during sex he won't even notice his own noises.

Also: Bonus chapter with Will finally getting on T and being turned on by his own unfamiliar deeper moans.

When Will came out as transgender he really didn't think he would get as much support as he did.

Don't get him wrong. He knows his dad loves him and could never hate him but he genuinely thought it would just take *more* for him to be use to the whole idea. Apparently, Will was not as subtle as he thought. His dad had been surprised that Will expected surprise. In his words:

"I always knew your were different, Sweetie. I might not have guessed this but I *always* knew it was something."

At first glance those words could seem harsh and inconsiderate to the worry Will had about coming out but in all honesty, he couldn't have been more accepting. His frank and honest attitude was just how the man showed love. Will couldn't have asked for a better response then that. That man was a gem.

Will, got a similar response from his boyfriend, Hannibal. Which was fine. The man had pretty much watched him go through his transition, coming out to him was more like just putting a name to it finally. It consisted of Will just simply telling Hannibal to use he/him for him from now on. His wonderful boyfriend hadn't even batted an eye at that.

Now, despite all these wonderful changes so far there was still one issue (which created several other issues) with his transition. He and his father weren't exactly wealthy. T wasn't exactly considered a 'need' by insurance companies. no amount of hollering or negotiating from his father could have convinced them other wise. Even though the man tried, and he really tried, it just wasn't doable for Will to have. That was all fine and good. Will was patient, he could wait until he had the money to get it himself.

It came with another problem, his voice. He just couldn't *bare* it. It was fine during most time but...

He and Hannibal had been getting more serious lately. With seriousness came more touching, with more touching came more moaning, with more moaning came the inability to deep his voice consciously. Will fucking *hated* it. Not only was it a turn off but it put him in a bad mood for the rest of the day after. He's worried that it's going to start affecting his relationship. He just didn't know how yo explain to Hannibal why he just could do anymore with him for now.

All he can hope for is that the man was willing to wait just long enough to get pass this.
